

How are they installed?

Experience the pinnacle of comfort and customization with our Hybrid Weft extensions. Installed by sewing a weft of hair onto a track of silicone beads, this method eliminates the need for chemicals or adhesives, ensuring a safe and secure fit. Designed to fit every head shape, the machine bond keeps the hair securely intact for long-lasting wear.

Why choose Hybrid Wefts?

Best of both worlds: Enjoy the seamless blend and lay of a hand-tied weft combined with the durability of machine bonding, providing the perfect balance of style and longevity.

Worth your time: With suggested maintenance every 6-8 weeks, Hybrid Wefts offer a long-lasting wear that stands the test of time, ensuring you always look your best.

Customizable fit: Tailored to your unique preferences, Hybrid Wefts are completely customizable. Simply cut the weft to the appropriate size for a personalized fit that's as unique as you are.

Chemical-free and adhesive-free: Rest easy knowing that our Hybrid Weft extensions are installed without the use of chemicals or adhesives, preserving the integrity of your natural hair while providing a secure hold.

Va-va-volume: Achieve the ultimate in volume and versatility with Hybrid Wefts, which lay flat on the head and allow for stacking up to three wefts in one row, giving you the option to amplify your look to your heart's content.
